New planning application search and track facility

03-07-2019 02:15 PM BST

Work is now complete updating our planning application search and track facility.

The new facility makes it easier find, view and download information and documents for any application logged with us for the North Devon district following the introduction of improved search criteria options. Providing comments on applications is also easier.

Thank you for your patience and understanding while the work was carried out this week.

Why not check it out on our website.
