

Debbie Maidment

My husband John and I moved to Beaples Barton in August 2017, taking over small holiday cottage business which has been quite overwhelming to the extent of popularity and how busy we have been in such a short time.

We moved from a 200 acre Dairy Farm in Somerset after my husband decided to retire from Dairy farming.

As well as bringing up our 3 children and occasionally helping on the farm, I also worked in a local college supporting students with specific learning and educational abilities/disabilities.

We love the countryside and have a great deal of respect for this beautiful part of Devon and the local community.
