April 2019

### Green light for £30 million of transport infrastructure

Our Cabinet has approved more than £30 million of major transport infrastructure. The programme of schemes aims to deliver infrastructure priorities across the county and continues support for sustainable travel to encourage growth in walking, cycling and public transport.

### We need your votes!

The A379 Slapton Line reconstruction scheme is in the running for a prestigious civil engineering award, and we need your votes! As part of this year's Institution of Civil Engineers (ICE) South West Awards residents are being asked to vote for the project which has had the greatest impact on their lives and their communities for the prestigious People's Choice Award. Voting closes on Sunday 9 June. The winner will be announced on Thursday 27 June.

### Latest section of strategic cycle route in Exeter approved

We've agreed the construction of an improved £1.5 million pedestrian/cycle route in Exeter, starting from the junction with Pilton Lane on Pinhoe Road, up to the railway bridge on the northern end of Exhibition Way. The scheme will in part widen existing shared paths along Pinhoe Road, include priority crossings, and create a two-way cycle route along part of Exhibition Way, with a 'buffer' zone segregating cyclists from the road.

## Find out more about Sherford's Main Street development

We are planning to start work on the main link from Sherford to the A38 Deep Lane junction in May.

Information events about the planned construction of Main Street in Sherford are being held this month. It's an opportunity to find out more about the scheme, review

traffic management plans, and to raise any questions about the construction work. You're invited to attend on Wednesday 24 April from 3:30pm to 6:30pm at Brixton Parish Council or Thursday 25 April from 3:30pm to 7pm at Sherford Vale School.
