Dear Wendy,

At the last Moors Management meeting the issue of dog fouling on the moors and specifically the tarmac road / footpath running across Knowstone Inner Moor was discussed. A commoner has asked if bins could be installed on the tarmac road / footpath where people often walk their dogs. Tony Moore was at the meeting as the KPC representative and it was agreed that this is a Parish wide issue and that assistance could be sought from the Parish Council on the installation and maintenance of such bins.

Please could you add this matter to the agenda of the next KPC meeting and Tony will be able to elaborate on the the issue for us.

With kind regards,

Wendy
