

## Knowstone Art Group

A friendly group, we meet on Friday mornings 10am – 12 noon.

This past year has seen some new people join us, and we have said goodbye to some as they have moved away.

Class is always interesting, and there are usually a range of different projects on the go. We work on different subjects, sometimes it may focus on a technique or colour, sometimes an artist or style. Everyone follows the brief and interprets it in their own way, developing their own style and preferences.

I like to give people extra challenges to further their skills, mostly this goes down well, but there has been the odd moment of mutiny in class! Which means I have to think of something else to challenge them with. It is very interactive, and anyone can choose to do or not do what is on the agenda at any particular time.

We are always happy to welcome new people to the group, and anyone is welcome to come in and see what we are doing if you are in the area.
