Mr D Morgans said that as a member of CPRE he will be attending their housing seminar and offered a lift if anyone would like one. He also said that the surface of the road from Little Oak to the top of the hill going towards Rackenford is full of pot holes. This had been mentioned at the last meeting and Cllr Filmer-Bennett was going to show C/Cllr Yabsley and Highways officer on their next visit to the Parish. It has been officially lodged and is on list to do. Mr Morgans also raised the problem of tractors being driven on the verge towards the beech tree and requested that if anyone saw it being done that they ask them to stop doing it as the verge will eventually be worn away. This is also a problem with verges near Moortown Cross.

Standing orders resumed.

Nomination papers will be available from the clerk and are required to be delivered by hand to NDC. If there is an election the council will not be charged for Poll cards. The chairman said that although the council only needs 3 councillors at a meeting to be quorate, it needs 5 councillors to be a viable council so important to have enough candidates.

18/140 Discuss the installation of disposal bins for dog mess in the Parish

Cllr Moore reported that this issue had been raised at the recent Moors Management meeting in particular in respect to installing a bin on Knowstone moor where a lot of people park and let their dogs out onto the tarmacked path. Some cattle on the moor are not giving birth as they should be due to this problem. Residents in Knowstone have also said there is sometimes a problem with dog mess. If bins are supplied there would be the cost of having them emptied. It was suggested that official council signs could be put on the stakes along the road near the Millennium stone and along the path. It was pointed out that if the council encourages people to pick up after their dogs they should provide somewhere to dispose of it. It was agreed that if Moors Management Association decided to go ahead with a bin then the Council would support them and a letter to this effect will be sent to them.

18/142 Third Party Reports (if present):

- a) District Councillor Ley said that at the Overview and Scrutiny committee two spokespersons would be allowed to speak re. Batsworthy. It needed to be people with detailed knowledge and able to answer questions. Proper monitoring is needed and the wind turbines to be idle during unsocial hours. If the operator cannot conform to inspector conditions they would have to stop using the turbines.
Re.East Hill – no news to report, still with solicitors.

Cllr Browse raised the issue of the broken grate in East Knowstone which will roll over to next meeting. It was agreed that the clerk would write to Cllr Yabsley to see if anything is happening on the flood resilience front. It was pointed out that even if the grate is fixed it would not actually stop flooding into Vigus' yard. Cllr Howe reported that the palette and sack containing salt half way up Tracey's hill had now disappeared. There should be a grit bin there which has been raised previously. It was agreed that the Clerk would speak to Richard Sables/C/Cllr Yabsley about this plus the flashing sign mentioned in Cllr Filmer-Bennett's report and the requested East Knowstone HGV signage.

Cllr Howe has been onto the church roof to check where it is leaking and retrieved a teddy from last summer's teddy parachute jump.
