Dear Mrs Sweet

Re: Notice of application to register Easement.

I see that nothing further has happened with regard to the possible grant of an Easement to Mr Whybrow. My colleague Stephen Gowing returned a form to the Land Registry saying that the Council would be prepared to negotiate but nothing further has occurred. Are you still intending to proceed with this matter? Do you wish to proceed with the matter? or has the matter now "died a death"?

Perhaps you could let me know the current position.

Yours sincerely
